## HERE'S the POINT

By SPENCE HELD

**Well, I stayed up until 2:30** a.m. Tuesday trying to write a column that would do justice to the gallant fight made by Point Loma High School's football team against a bigger, more powerful Hoover team Friday night.

At 7:30 I was awakened and informed gently that Frank Greene had been shot and killed by a punk in Coronado.

It was a shock, because Frank was a friend of mine. A former high school, college and professional football star, this massively-built Coronado police lieutenant was the husband of writer Alice Craig Green.

"Toad" Greene had the respect of everybody who knew him. Virile, handsome, generous, he was loaded with courage and helped keep the hoodlums in Coronado under control for many years.

He and his son were pals—the boy will miss him.

* * *

**After Point Loma High** School's recent defeat by Chula Vista, only four football suits were sent to the cleaners here.

Point Loma tackled high in that game and the blocking wasn't sensational . . . But after Friday night's defeat by Hoover, 25 soiled, soggy, sweat-soaked outfits were ready for the cleaners.

That's an indication of how a fired-up band of Loman warriors fought the powerful Hoover team off its feet in the first half and missed a 13-13 tie by an unlucky fluke in the last two minutes of play.

It was a tough one to lose and I know how the boys felt. They played their hearts out and deserved at least a tie.

The important thing, however, is that a bunch of good guys suddenly found themselves welded into a hard core of determination—all for one and one for all—that almost brought off a football miracle.

They reminded me of the U. S. Marines storming a beachhead in World War II.

It was a team triumph. Sure, the scoreboard said Hoover 20, Point Loma 13. Don't let that fool you. The spirit and guts displayed by guys like 145-pound Frank Rogers, John Dawson, 152, and Pete Palermo, 165, in smacking down Hoover's big fullback, were something worth writing about.

This fullback, John Adams, weighs 210 and is fast. The Lomans tackled him around the knees and ankles and brought him down like a bull elephant tripped by a two-inch cable.

* * *

**To Coach Don Giddings, who** likes to win, the final score was hard to take. But he derived immense pleasure from the spectacle of his boys blocking and tackling with grim ferocity.

There's nothing like a good honest tackle—the solid satisfaction of bringing a big beef crashing to earth is enough for a defensive lineman, who gets little glory and plenty of bumps.

He likes it, and don't let anybody tell you different. The way those Loman linemen were crashing the Hoover ball-carriers Friday, especially in the first half, when Hoover netted a total of 22 yards, indicated they enjoyed their work.

Coaches Hil Crosthwaite and Bennie Edens enjoyed it, too.

Nice going, fellas!

## PROPOSITION 5 WIDELY BACKED

Proposition 5, the maritime measure which reaffirms a 40-year-old law twice previously approved by the voters to maintain California shipping on an even tax keel with that of other ports and nations, has "gained widespread support," the State Committee for Proposition 5 announced this week.

"Proposition 5," the Committee of prominent citizens declared, 'probably enjoys as much, if not more, widespread, nonpartisan backing than any other measure on the November ballot."

Statewide organizations which have endorsed Proposition 5 are as follows:

"The Republican Party and the Democratic Party.

"Business and management as represented by the State Chamber of Commerce, the California Real Estate Association, the California Manufacturers Association, the California Taxpayers Association and numerous others.

"Labor, as represented by the California State Federation of Labor, The Congress of Industrial Organizations, the Sailor's Union of the Pacific, and others.

"Women's groups, including the California Federation of Business and Professional Women's Clubs, the California Federation of Women's Clubs and the Native Daughters of the Golden West.

"Veterans, including the American Legion, the Veterans of Foreign Wars, the Disabled American Veterans and the Veterans Political Council."

## Local Democrats To Meet Tonight Before Rally

The Point Loma Democratic Club will gather tonight, Oct. 14th, at 7 p.m. in the recreation room at the home of Mr. and Mrs. Albert Withers, 4567 Bermuda Ave., for a coffee and cake dessert course. At 8 p.m. they will attend, in a body, the Democratic Rally at Russ auditorium.

All Democrats of the Ocean Beach-Point Loma-Loma Portal area are invited to this get-together event, announced Myron Lustig, club president. The after-dinner assembly at the Withers home will be the means of organizing an auto caravan to Russ Auditorium, where the city-wide rally will form the "program" of the club's meeting. Transportation to and from the rally wil be provided for all.

Richard Graves, Edward Roybal, Ross T. McIntire, Jim Edmunds and Tom Sherrard will head the group of Democratic candidates for state and congressional offices who will address the rally in person during an enthusiastic program that will also include top performers of the entertainment world. There will be no admission charge to the rally.

The Point Loma Democratic Club will defer its business agenda to the pre-election meeting scheduled to be held Thursday night, Oct. 28, Lustig announced.

## Lomans Hit Hoover Hard; Play Helix Friday

Point Loma High School's football team will engage Helix High in an afternoon game tomorrow at the local field. Kick-off is set for 2:30 p.m.

This first home stand of the season, against a non-league opponent, may find the locals in a letdown following last Friday night's bruising game with Hoover.

Point Loma students were out in force at the Cardinals' field where an estimated crowd of 5000 saw the local underdogs rise to magnificent heights in the first half for a 13 to 0 lead.

But the big Hoover team, built around a fast tank named John Adams, wore the Pointers down in the second half for a 20-13 victory.

Hoover's winning touchdown came in the form of a lucky break with less than two minutes to go in nthe fourth quarter. Cardinal Quarterback Gene Leek threw a 25-yard pass that was deflected by a Pointer and the ball plumped right into the hot hands of Hoover's Gary Naiman. He stepped into the end zone for a touchdown.

In the first period Point Loma's offensive line, blocking like demons, opened gaping holes in the Cardinal forward wall. Halfback John Dawson went for gains of eight and nine yard. and then Fullback Ray Blasingame, smashed through tackle for 25 yards and the first Loman touchdown. Bob Pringle kicked goal.

Bill Harvey, quarterbacking the locals, threw a 15-yard pass to Blasingame in the second quarter that went for a TD.

Hoover gained 22 yards in the first half, making no first downs, as the inspired Loman line throttled Adams and his mates. The tackling was low and hard and beautiful to behold.

The second half was a heart-breaker for Point Loma. "Tank" Adams finally broke through the line for 50 yards and the score was 13 to 6 after the conversion kick failed.

Then, with the ball on the Pointer 27, Hoover's Leek went around end and tossed a lateral to Danny Hill, who wound up over the goal line. Leek carried the ball across for the extra point, tying the score at 13-13.

And in the dying minutes came the fluke pass play that produced the winning touchdown.

For Hoover, Adams gained a total of 108 yards in 12 smashes; Blasingame netted 110 in 20 carries.

The Poinnter fullback went both ways, offense and defense, as did Pete Palermo at guard.

The entire offensive line hit hard—Greg Widders and Marcie Lampkin, ends: Dave Disney and Jerry Ohlin, tackles; Dick Love and Palermo, guards, and Billy Dyson, center.

Some of the defensive stalwarts, in the line and backfield, were Francis Jackson, Dick Dray, John Tuisl, Frank Rogers, Louis Serrano, Ralph Hendrickson and Gary Portello.

## City Cites Two Plans To Stabilize Beach

Two possible methods of stabilizing the local beach were mentioned in a letter received this week by Harry La Dou, president of the Ocean Bach Chamber of Commerce, from O. K. Cope, assistant to the city manager.

These are construction of a rock groin as suggested by the Chamber, and extension of the south jetty of the flood channel.

Cope reported that Glenn Rick, city planning director, conferred recently in Washington, D. C., with Richard Eaton, beach erosion engineer for the Federal Government, regarding stabilization of the beach here.

"The Beach Erosion Board," Cope wrote, "is well aware of the problem confronting the city at this location, and is conducting a study on it. It is anticipated that their report will be completed within the next few months.

"Rick's innformation is that there are two possible methods of handling this problem under consideration. One is construction of a groin, as suggested by you, or construction of an extension to the south jetty of the flood channel.

"In either case any sand placed in front of Ocean Beach would be done in conjunction with construction of the necessary jetty or groin."

Tom Drake, chairman of the O. B. Chamber's Beach Improvement Committee, commented that "when Engineer Eaton was here about a year ago, they were going to investigate the possibility of extending the south jetty but he was convinced the cost of such a job would be prohibitive because of deep water.

"Several months ago," Drake continued, "a civilian member of the Erosion Board told me that their investigation was complete and they were writing their report—which would recommend a groin from the vicinity of the foot of Saratoga Ave.

"He said the present report obviously could not differ from previous ones by Army engineers and State authorities which recommended a groin."

Drake said: "I'm afraid this project will be stalled along until after Mission Bay Channel is dredged, and the mistake of dumping sand on our beach, without a groin to hold it, will be repeated. Several years ago thousands of tons of sand from the original channel dredging were dumped on the beach between Narragansett Ave. and Voltaire St. This stayed in place for about a year and then was largely washed away.

"What I'm afraid of is that the city will dump rock on the beach along with sand—but the sand will wash away and leave the rock."

## Local Educators Meeting Today

Approximately 150 teachers and principals were to attend an area meeting, today at 3:30 p.m. in Loma Portal School, according to Miss Lois Chatterly, chairman for all area meetings of the Voluntary In-Service Education Program.

"Discipline in the Classroom" was the subject of a talk by Mrs. Martha K. McIntosh, assistant superintendent in charge of elementary schools.

Steering committee for these meetings included representatives for school principals: Miss Sydnie Higgins from Loma Portal, Miss Mary Jane McIntyre from Silver Gate and Robert Ingrum from Fremont. Teacher representatives are Mrs. Alice McNenomy from Cabrillo, Miss Carol Trendly from Ocean Beach and Carl Olsen from Frontier.

A discussion on "Special Problems in Discipline" will be held at a follow-up meeting, Tuesday, Oct. 26, at Cabrillo school. Discussion will be held in grade level groups.

## Yellow Fishing Sensational Last Week-End

San Diego's most amazing yellowtail season since the resumption of fishing following the close of World War II became even more so last weekend when the yellows came storming back in another sensational October showing of fish.

Saturday morning, a half dozen boats accounted for 502 and three which invaded the Coronado Islands in the afternoon tacked on another 300. Sunday, the action was even more intense and it became very apparent that all records for a single season would be topped with plenty to spare. Banner haul since 1940 was 34,432 taken in 1952 and that mark was sure to go by the boards this week.

Catches Saturday were pretty well distributed, but two full limits of 10 were reported—one by M. L. Suggett, Escondido, and the other by George Kubota, San Diego.

Sunday's total yellowtail haul went beyond the 800 mark, and there was no sign of abatement of the hottest run of the year, considering the number of boats and the number of anglers actually taking part.

Among Point Loma and Ocean Beach anglers taking part and all doing equally well were: Jack Anderson, Joe Zarola, David Labruzzi, Bert Hebner, and George White.

The Point Loma kelp beds also showed to advantage, and bluefin tuna made a comeback there to add spice to other good catches.

## DRIFTWOOD SHOW TO BE HELD AT CAL WESTERN UNIVERSITY

Repeating a popular "first in Southern California and the Southwest," the second annual Driftwood Show wil be held Saturday and Sunday, Oct. 23 and 24, from 1 to 5 p.m. on the campus of California Western University on Point Loma.

Sponsored by the Women's Committee of the University, the show will be cochairmened by Mrs. L. H. Pharis, college art instructor, and Mrs. Frederick Carlyle Thompson.

A large open section of the university campus will be used for the exhibition. Detailed plans have been made to enclose the area and build suitable platforms and backgrounds for the exhibits. Several booths wil be set up for refreshments. One booth will have for sale driftwood items made by members of the committee under the direction of Mrs. Pharis.

Exhibits will be divided into ten classifications: abstract pieces, caricatures, arrangement of wood with flowers, plants, pods, woods, grasses, seeds, vegetables, shells, pottery, glass, textiles; wall arrangements; utilitarian objects such as lamps, bowls, vases, pottery, tables, miniatures, hand-carved, sculptured pieces, holiday or seasonal arrangements, photographic division, junior division for elementary and junior high school.

A new feature of the show will be the section devoted to colored and black and white photographs of driftwood pieces or unusual driftwood arrangements by amateur photographers. Interested photographers will also be invited to snap pictures of the exhibits one hour before the show opens.

All driftwood enthusiasts are invited to exhibit their pieces. There is no charge. Inquiries already received indicate that exhibitors will not be confined to San Diegans but from all parts of the West Coast, Mrs. Pharis said.

Inquiries or reservations should be directed to Women's Committee Driftwood Exhibit, California Western Uninversity, San Diego 6.

## KATHY CHABOT WINS TOURNEY

Kathy Chabot, Point Loma's bid for championship tennis, spent the past two week-ends in Pasadena and came home with first place in the girls' 11-and-under division of the tenth annual Pasadena Junior Tennis Tournament.

Ten-year-old Kathy, who holds the title of Southern California Junior Girls Tennis Champion, is looking forward to next year's competition when she will have to play in the 13-and-under division. Because she reaches the age of twelve in November, 1955, she is automatically put in the older division.

She is the daughter of Mr. and Mrs. L. B. Chabot, 1052 Santa Barbara.

## Kraft Re-Election Favored By Many State, Area Groups

Numerous statewide organizations have endorsed the candidacy of Sen. Fred Kraft for re-election, according to Jim Heaverside, Kraft's campaign manager.

"These groups are on record as favoring Sen. Kraft's reelection because of what they term his splendid legislative record", Heaverside said.

State groups include the California Grocers Association, Automotive Maintenance and Garage Association, California Cosmetologists Association, Retail Tobacco Dealers Association, California Federated Institute, Labor League for Political Education, Public Health League, and Southern California Pharmaceutical Association.

RECREATION—Members of the Boys Club of San Diego, a Red Feather agency, enjoy the facilities provided for boys from 7 to 19. Last year the club received $29,354 from the Community Chest. You help your children when you give to the Second United Success Drive.

## Peninsula Women Start Red Feather Drive Mon.

Women in the Peninsula area will join the other women of San Diego Monday, Oct. 18 in the all-out effort for the residential phase of the Second United Success Drive.

Wearing the familiar Red Feather volunteer button, thousands of women will begin ringing doorbells. Preceding the kickoff, zone workers will meet in the homes of their zone chairman to watch a special television training program to be presented over channels 8 and 10.

Mrs. Robert Gordon, area chairman, said this week that the program will be presented "live" and will explain the techniques and principles behind door-to-door campaigning.

George A. Scott, Second United Success Drive Chairman, said that plans have been made to end all other phases of the drive before the all-out effort in the residential areas.

Scott said, "The First United Success Drive, coming as the first real community success in many years, awakened the community to what can be done. The Second United Success Drive can well convince us that San Diego can do anything in any field. If we succeed in this biggest campaign, the drive can become the symbol of success in San Diego—can point the way and provide the encouragement, enthusiasm and unity we need to carry through other vital projects which will make San Diego a truly great city."

Funds from the drive will go for operating expenses of all Red Feather health, welfare and youth services united in THE Community Cause.

Goal for this year has been raised from $1,350,500 to $1,370,000 since the addition of the Coronado Community Chest to the Second United Success Drive.

## Watch The Child Who Has Bad Falls

Negligence in checking children following severe falls is the cause of more children's disorders than any other thing. And when winter time finds children meeting with minor accidents than any other time of the year.

Numerous case histories of patients show a high percentage who trace and onset of their illness to a fall, many as far back as childhood. If you think back yourself, you may find that if you are now suffering with some bodily ailment, you can trace the beginning of that trouble to the time of a fall or several weeks or months after that.

Keep your spine free from nerve interference and you will enjoy good health. But most important of all, at this time of the year, see that your children receive Chiropractic attention immediately following a severe fall. —Condensed from "The Chiropractor."

DON'T BREAK HIS BACK!

McLain's Proposition No. 4 would increase aid to aged from $80 to $100 a month.
It would thus freeze into the State Constitution an old age assistance burden of about $300 million a year.
This is $74 million more than California now pays, which exceeds the combined old age assistance payments of New York, Illinois and Pennsylvania.
The higher payment would attract additional thousands of old people from other states.

DON'T BREAK YOUR BACK, MR. TAXPAYER!
